

# LEATHER STITCHING CLAMP

(Mini pony)

(i-phone/Middle Pony/Mini Pony)

(Middle Pony)

## ► PRODUCTS DESCRIPTION

### ► Mini Pony

### ► Middle Pony

Mini and Middle products differ only in size. Refer to page 5 for size.

This products are finished with natural oil to protect the wood. So the oil can be come out sometimes when it wasn't fully absorbed into the wood and it may stain leather on first or second use.

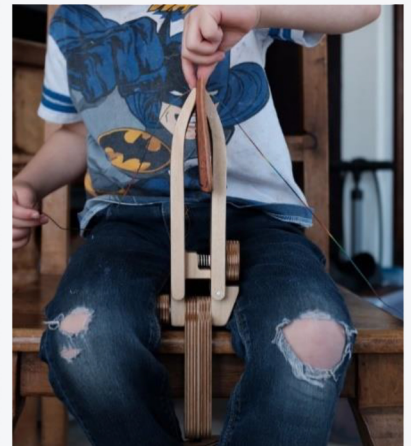

The stain can be disappeared after a day or so, but not always, which depends on the condition of leather. So attaching smooth leather on the wood is recommended.

When you attach leather, you can use either any leather glues or double sided adhesive tapes.
